

Name: _____ Class: _____

Due Date: _____

6th Grade Science Scientist/Inventor: Most Wanted Poster

Directions: Throughout the year we will be learning about different scientists. We are also celebrating International Inventors' Day (9/29/2016), which is a day to recognize the contributions of all geniuses and their contributions in making our lives easier. You must choose a scientist/inventor and create a poster. The guidelines are listed below, please read and make sure you include all the required information.

Required Information

Your poster **must** contain the following information.

1. The first, middle (if applicable) and last name of your scientist.
2. One sentence explaining why your scientist is famous.
3. A picture of your scientist.
4. Date of birth of your scientist.
5. City and country of birth of your scientist.
6. Specific location where he/she conducted their work.
7. Date of death. If your scientist is still alive, how old is he/she now?
8. 1 paragraph (5-7 sentences) summarizing your scientist's accomplishments, in your own words.

Choose 5

You **must** choose any 5 of the following options to include on your poster:

1. A quote about science by your scientist.
2. Additional pictures of your scientist.
3. A picture of what they worked on. Ex: if he invented the microscope, include a picture of a microscope.
4. Educational background. What college(s) did he/she graduate from?
5. Any additional jobs held by the scientist outside the science field. Ex: Gregor Mendel is known as the "Father of Genetics" for his work with pea plants. He was also a Monk.
6. The name(s) of other scientists that your scientist worked with.
7. Has anything been named after your scientist? If so, include the city and country. Ex: colleges, cities, museums, etc.
